STUDIA HISTORIAE SCIENTIARUM
AUTHOR DECLARATION FORM

Title of the article: ………………………………………..…………………………………...............

Submitting Author: ………………………………..………………………………………..............
title, degree, first name and last name, affilliation, e-mail address

- I hereby declare that the submitted publication has not been previously published and is not under consideration for publication in another publishing house; or an explanation has been provided in a comment sent to the Editorial Team to the e-mail address shs@pau.krakow.pl.

- I hereby state that the submitted publication includes no "ghostwriting", "guest-authorship" or "honorary authorship" phenomena; and all the sources of information used during the preparation of this publication are cited reliably in the submitted publication (cf. Legal and Ethical Issues).

- I hereby inform about the existence of a "conflict of interests" (*in the absence of conflict, please enter "No conflict."* (cf. Legal and Ethical Issues):
  …………………………………………………………………………..
  ……………………………………………………………………………………
  …………………………………………………………………………

- I hereby declare that a) the content of the work is known to all its co-authors; b) they consent to its publication; and c) the contribution to the submitted publication is as follows (please provide a description of this contribution and its share in %):

No.	Author's Name and Surname	Author's contribution to the concept, methods and assumptions of the manuscript (%)	Author's total contribution to the manuscript (%)
1.			
2.			
3.			
4.			
Total		100	100

The Submitting Author hereby declares the use of artificial intelligence (AI) and generative artificial intelligence (GAI) tools in the development of the article:

☐ During work on the publication **no Artificial Intelligence (AI) or Generative Artificial Intelligence (GAI) tools were used**.

(Should the Submitting Author mark this answer, they do not answer to points 1-6.)

☐ During work on the publication there **were used** Artificial Intelligence (AI) or Generative Artificial Intelligence (GAI) tools in the following scope and form:

(Should the Submitting Author mark this answer, they are obliged to fill in points 1-6.)

1. Scope of the use of AI/GAI tools

☐ Creation of textual content (e.g., the generation of text fragments, summaries, or introductions)

☐ Grammar, stylistic or spelling verification

☐ Text translation

☐ Data analysis

☐ Data visualization (e.g., creating charts, diagrams or graphics)

☐ Support in the research process (e.g., statistical analysis)

☐ Generating references or footnotes

☐ Other (please, specify) ……………

2. AI/GAI tools used

☐ ChatGPT (OpenAI)

☐ DeepSeek

☐ DeepL (AI translator)

☐ Grammarly

☐ Bard (Google)

☐ MidJourney / DALL·E (creating graphics)

☐ Other (please, specify) ....

3. Extent of review of excerpts before final submission:

☐ All excerpts were reviewed.

☐ Some excerpts were used without review.

☐ All generated content was used without review.

4. Modification of AI/GAI-generated excerpts before final submission:

☐ All excerpts were reviewed and modified.

☐ Most excerpts were modified.

☐ Some excerpts were used without modification.

☐ All generated content was used without modification.

5. Impact of AI/GAI on the substantive content of the paper:

☐ AI/GAI had a significant impact on the substantive content of the paper.

☐ AI/GAI had a moderate impact on the substantive content of the paper.

☐ AI/GAI had only a technical impact (e.g., language corrections).

☐ AI/GAI had no significant impact on the substantive content of the paper.

6. Sections of the work where AI / GAI tools were used:
